### RE: Sign Up for Distribution of Strategic Plan Information

Dear Village Resident:

The Oregon Village Board has established an Outreach and Planning Committee to identify the essential issues and priorities to be addressed for the development of a Strategic Plan for the Village of Oregon.

The Committee has begun to meet and if you would like to be notified of upcoming meetings, please email me at [mgracz@vil.oregon.wi.us](mailto:mgracz@vil.oregon.wi.us). We will include you in the distribution of information for the Strategic Plan process.

If you want the Village to mail the information to you, please provide your name, address and phone number below. You may also use this form to provide your email address to me. Please put the completed form in the box.

All of the Strategic Plan information will also be on the Village's web page at <http://www.vil.oregon.wi.us/>.

Thank you for your interest.
